AGCO University

SQL Workshop Certificate

This certifies that

David Jobbagy

Has successfully completed the SQL Hands-On Training Workshop, as a part of Tech Talent Development at AGCO University.

The recipient has demonstrated a strong command of SQL, including writing complex queries, managing relational databases, and optimizing data extraction for business needs. Through practical exercises and applied projects, participants have developed the ability to analyze, interpret, and present data insights that support strategic decision-making and operational effectiveness. This accomplishment reflects a dedication to continuous learning, technical excellence, and the advancement of AGCO's data-driven culture.

Awarded on 25 July 2025
